Dear Cloggers,

The 1983 edition of the National Clog Dancers Directory provides listings of clogging leaders, team names and a team/club profile section. The profile section has turned into a "Who's Who" in clog teams. This is your opportunity to see a picture of and read about the many great clog dance teams throughout America. A Special Event Section will feature competitions and festivals, inviting cloggers from coast to coast.

Don't miss out, for a nominal fee you can have your team listed in the National Clog Dancers Directory. There is no cost to have your name listed in the directory.

Fill out and send in your registration form now. All forms must be received by March 12, 1984 to be included in next year's directory.

Yours in clogging,

Dear Fellow Cloggers:

AFTER TWO YEARS OF COLLECTING, EDITING, UPDATING, AND BEGGING! THE NATIONAL CLOG DANCING DIRECTORY IS NOW READY. This directory lists teams, clubs and individuals who are actively (and even inactively) involved in clogging.

The directory will list as much info as possible and will leave a special section which will feature teams who send in pictures and history articles. Hopefully this section will grow each year as teams become aware.

The directory will improve each year. If your name or team was left out, accept our apologies. (Clogging is the fastest growing dance form in America and keeping up with all the new clubs is impossible.) Please fill in the form in the Directory to make sure your club or team or individual name is included in the 1984 edition.

Please use the form enclosed to order your directory.

NEXT EDITION PLANNED FOR APRIL 1984

Happy Clogging

Since that Apple Chilll Fair in 1975, the Apple Chill Cloggers have performed at more than 350 events in 18 states and 7 foreign countries, and wasselected for the North Carolina Arts Council's 1981-1982 North Carolina Touring Program.

City: Durham State: North Carolina Zip: 27702

Phone: Area Code 919 477-2417

Age Range of Group: 32-53

Accomplishments/History:

Dancing is the oldest of the Arts, and Clogging is an early American Folk Dance form which is a combination of the Square Dance, Highland Fling and the Buck'N'Wing.

After a Square Dance Festival at Fontana, N.C. in 1970, where we saw an exhibition of Appalachian Clogging by Bill Nichols and his family, a group of Durham Square Dance enthusiasts were so impressed that they prevailed upon Bill to show them the steps...nameless steps which he had learned from his Grandparents. An insignificant beginning, but later Bill Nichols became the World's Champion Clogger and the Square Dance group returned to form Durham's first clogging team, the Click'N'Cloggers in May of 1970. The following year, they returned to learn more steps and by this time, names were put to some of the steps.

Interested in preserving Clogging as an authentic American Folk Dance, research has been made into the steps and terminology. By performing, the Click'N'Cloggers (a non-profit organization) hope to interest others in keeping alive the traditional mountain style of clogging which has been handed down to them. Each mountain area had its own steps and styles. The Click'N' Cloggers take the basic steps and work them into a complete dance routine... each different and expressing the feel of the Bluegrass or Country Western Music used.

The Click'N'Cloggers continually try to better their dance routines by going to Folk Dance Festivals, and to workshops to learn additional authentic steps. They design and make their costumes, adhering to the fashion of the frontier. The impact of the Click'N'Cloggers was such that several groups have formed locally as a result of the team's efforts. Watching the Clogging and the enthusiasm of the team, it is readily understandable.

Accomplishments/History:

The Tennessee Valley Cloggers were founded in 1979 and call Knoxville their home. Members are from Knoxville, Anderson, Hamblen, and Blount Counties. We dance four to six couples, depending on stage size, dancers available, and type of exhibition. Our routines include oldtime, precision, line, exhibition, and freestyle. Audience participation is included whenever feasible.

TVC has a self-perpetuating organization structure with a Director, Assistant Director, Secretary, Treasurer, and Choreographer. Funds are received from shows, monthls dues from members, and competition.

Competition has been essentially eliminated in 1982, due to such a large volume of performances in the local and surrounding area. We are particularly proud of the following achievements: First place in the Adult Open Division in 1981 at Stone Mountain, Georgia; First place in the Adult Division of the Eastern U.S. Clogging Championships in 1980; Second place in the Global Internationals held in Asheville, NC in 1981; First place at the Museum of Appalachia (Norris, TN) in 1981. For the third year, we have performed at the Hyatt Regency with a local bluegrass band following each University of Tennessee Home Football Game. Also we have become a regular "entertainer" at the Silver Dollar City Mountain Music Festival held each year. This summer, we have performed several times at the 1982 World's Fair and also taught clogging for one week at the World's Fair Folklife Festival. We Perform fairly often for conventions held at the Hyatt Regency and Hilton Hotels and have become part of their on-call entertainment groups.
